

Invesco Global Leisure Fund*

Investing in long-term and sustainable consumption trends

* To increase consistency and the Fund's positioning across Invesco's product ranges, the name of the Fund will be renamed the Invesco Global Consumer Trends Fund from 6 December 2018.

Important Information

- The Fund invests in an international portfolio of investments in companies predominantly engaged in the design, production or distribution of products and services related to the leisure time activities of individuals.
- Investors should note the concentration risk of investing in companies predominantly engaged in the design, production or distribution of products and services related to the leisure time activities of individuals, currency exchange risk, equities risk, volatility risk, and general investment risk.
- Financial derivative instruments (FDI) may be used for efficient portfolio management purposes or to hedge or reduce the overall risk of investments. Risks associated with FDI include counterparty/credit risk, liquidity risk, valuation risk, volatility risk and over-the-counter transaction risk. The leverage element/component of a FDI can result in a loss significantly greater than the amount invested in the FDI by the Fund. Exposure to FDI may lead to a high risk of significant loss by the Fund.
- The value of the Fund can be volatile and could go down substantially.
- Investors should not base their investment decision on this material alone.

Fund Highlights

1 Robust growth in consumer discretionary rides out the global market downturn

Despite global market volatility and US-China trade tensions, consumer discretionary stocks continue to strengthen and outperform

2 Improvement in global labor market drives spending

As global unemployment rate remains low, consumer industries benefit from increasing purchasing power

3 A diversified portfolio of high quality companies

The fund invests in industries that are more service-focused and therefore less impacted by trade tensions

4 Outstanding results driven by effective stock-picking and fundamental research

An active management style has led to the highest-ranking performance among peers*
